League Report

Thankfully, all remains calm while all four of our teams are competitive in their respective divisions and have a shot at making the playoffs!! Allegations of Bantams “sandbagging” by the two last place teams ended once we played anyone other than the two worst teams. Finally, the league has provided a written waiver on jersey mistakes for HS team to use the new jerseys until the replacements arrive.

Compliance Report (attached)

We made some nice progress since last month. Zach is now compliant and therefore Paul Kohler did not file for a waiver. Bob Eaton, Jeanine Adams, Jody Solomon and Andy are also now fully compliant!! Matt Turner still has needs to completed SafeSport but the modules are now pulled down. Need Mel and Deb’s USA Hockey registrations - once completed we can address if screening and Safesport are needed. I’m showing Cheryl needs a screening and Connie the Safesport training (If I missed something, let me know). I have addressed the concussion training with the coaches and **we will move forward with the Federation program** vs. the CDC.

Coaching Report

Josh McAfee had approached Josh Kromer (former coach and goalie) about running the goalie station but we have not seen Mr. Kromer. I’ll follow up with Josh. Sean continues to run two teams and we do not expect Jake Rishel or Mark Moir to help as previously hoped. Only 2 conflicts remain (pending the tournament schedule) and for these games, John Martin will stay with the Bantams. Sean now has James Carlson consistently helping at HS level allowing this flexibility. John will then handle the Bantams with the help of Zach and/or Paul for any remaining conflicts where Sean cannot coach the bantams.

Old Business:

Ice Rental – Discussion regarding ice rental and over charges for Squirt – Bantam games are being charged the same amount as the High School, after reviewing the contract we know this to be incorrect, Mel will get with Pete/Molly to get this corrected.

Sponsorship Packets – These need corrected, there are various errors throughout.

Dasher Boards – Cheryl will follow up with us regarding process for 30x42 Dasher Boards; she will call CA Customs and also get quotes from Rush Graphics and one more printer.
